

- **Rainbow** is a presentation of 300 references
- In a few seconds you are attracted by the diversity of the offer
- A portfolio of stylish and sophisticated materials: plains, semi-plains, fire retardant, sheers, chenille, velvet, double width and outdoor fabrics
- A perfect tool which enables to start a selection in colors and structures
- Thanks to the large comparison it gives confidences in the final choice
- It inspires to associate products together
- A similar presentation was in our showroom attracted all visitors
- You can hang it in your showroom/shop or you can even roll it to take it away
- It isn't just a simple sample but a real approach that we are offering
- The Rainbow will increase visibility and impact on your market
